

Newburyport Choral Society Punch

(adapted from the NCS's cookbook, *Recipes of Note*, p. 222)

Punch Mix:

1 6-oz. can frozen pineapple juice * *See note below.*

1 12-oz. can frozen orange juice

1 12-oz. can frozen lemonade or ½ of a 46 oz. can

2 cups *strong* tea

Enough water to fill a gallon-sized container, when added to the above ingredients

2 quarts or 2 liters soda (club soda or ginger ale)

1 Ice Ring (See separate directions.)

Mix all ingredients except soda into a gallon-sized container, and add enough water to make a gallon. When ready to serve, put an ice ring in a punch bowl and pour entire gallon of punch mix, plus 2 quarts ginger ale or club soda over it.

* Most frozen pineapple juice comes in a 12oz. can. You may also substitute ½ of a 46-oz. can of pineapple juice for a 6-oz. can of frozen. **So.... use 2 1-gallon containers and double the recipe to make two batches of NCS punch!**
